

Polaris Triple-Star

Recessed Triple-LED Light Unit

Features

- Compact 3-LED Unit
- Powered by Luxeon Rebel™
- In-ground/Flush Luminaire
- Multiple Finish/Optic/Colour Options
- Durable machined aluminium housing
- IP67

Description

The Polaris Triple-Star is a high-powered single-colour or RGB adjustable downlight which uses 3 high-power Luxeon Rebel LEDs in conjunction with a single triple optic and is ideal for in-ground or flush-mounting applications.

The unit is suitable for any indoor or outdoor lighting project having an IP67 rating.

Typical uses include decking, water-features, walkways and bar and club environments.

Available in various LED colour combinations the Polaris Triple-Star can create any mood or effect that you desire.
